

Welcome to the Mangrove Jack 38kg Portable Boat Trailer

This options list will enable you to choose from various options to create a customised set up to best suit your requirements.

If you have any questions regarding the options available please feel free to call us and we'll help you select the best set up for your equipment.

Whilst we strive to package everything compactly some options require a larger or extra box increasing freight costs. We can give you an over the phone estimate of the increase in cost but cannot give a fixed price until it is packaged ready for dispatch.

Our logistics controller personally packs or inspects every dispatch prior to sealing ensuring its size/cost is minimised. If you have any freight queries regarding your order you can contact him below.

WINCH

\$48.00

3:1 RATIO
USER FRIENDLY WINCH ROPE, NOT CABLE
S/S SNAP HOOK INCLUDED
S/S MOUNTING NUTS & BOLTS INCLUDED

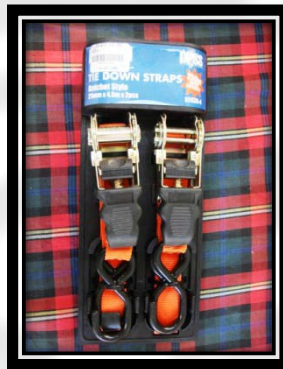

We also include two pictures showing how to bolt it to the winch post.

CARAVAN MOUNTING BRACKETS - This kit weighs just 3.5kg!

CARAVAN BRACKETS – 1 pair

\$165.00 - incl. RATCHET STRAPS

\$155.00 - excl. RATCHET STRAPS

Allows compact storage of the trailer on your caravan or trailer's rear bumper. These brackets are also fully anodised.

Drawbar housing is shown mounted in the horizontal position. It can be mounted up, down or forward without changes to mounting system. The trailer can be stored behind the caravan spare wheel

Picture is shown with one wheel removed for observation.

Customers have used these brackets to store the trailer inside their dingy!!

CARAVAN BRACKETS HEIGHT ADJUSTMENT BOLTS (pair)

\$15.00

Come as a pair, these Stainless Steel bolts allow you to raise the trailer mounting height inside the caravan brackets to clear obstructions such as spare wheel mounts. These are a simple DIY install.

MANOUEVERING ACCESSORIES

DOLLY

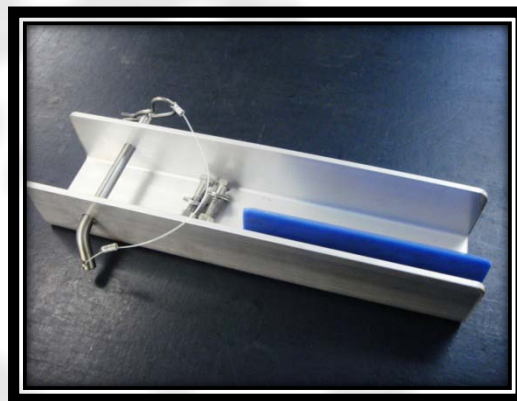

\$198.00

Trailer Dolly makes for easy walking & manoeuvring of loaded trailer. Dolly also swings around and locks into place (in seconds) to become a front axle to tow your trailer out of the water even fully loaded! In line with all our products the Dolly is manufactured of lightweight Aluminium & Stainless Steel. This versatile tool also folds away for storage.

JOCKEY WHEEL ADAPTER

\$76.00

Attaches & detaches in seconds this adapter allows the use of most jockey wheels and save drilling holes through your trailer. It is held in place utilising an existing pin hole in the trailer. Comes pre drilled & with stainless steel bolts. Long pin shown is included. Not suitable for "swing away" type jockey wheels. Does not include the jockey wheel or clamp.

SLIDER & ROLLER OPTIONS

CUSHION SLIDERS - pair

\$76.00

Upgrade on Order

\$198.00

Outright

Provides that extra bit of cushioning for your hull.

This item replaces the outer red poly supports on the standard trailer.

SLIDER & ROLLER OPTIONS

FLOPPY ROLLERS – FRONT

\$65.00 Upgrade on order
 \$95.00 Outright

FLOPPY ROLLERS – REAR

\$65.00 Upgrade on order
 \$95.00 Outright

FLOPPY ROLLERS - COMPLETE KIT

\$120.00 Upgrade on order
 \$180.00 Outright

Floppy rollers are essential for inflatables. They disperse the load either side of the keel.

There are further options for soft keel inflatables, please call for technical assistance.

PNEUMATIC ROLLERS – FRONT

\$85.00 Upgrade on order
 \$110.00 Outright

PNEUMATIC ROLLERS – REAR

\$85.00 Upgrade on order
 \$110.00 Outright

(Side rollers sold separately)

PNEUMATIC ROLLERS – SIDE

\$100.00 Upgrade on order
 \$120.00 Outright

(come as a pair)

THE ULTIMATE – COMPLETE SEMI SUSPENSION PNEUMATIC ROLLER KIT

\$250.00 Upgrade on order
 \$380.00 Outright

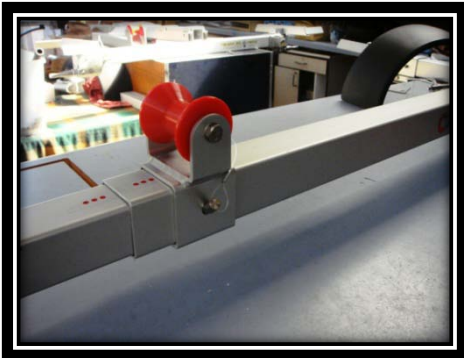

As close as you can get to suspension without the added weight. How nice will your boat ride on full pneumatics?

A bonus feature is the boat becomes incredibly easy to launch and retrieve as only the soft rollers contact the hull.

SLIDER & ROLLER OPTIONS

ROLLER - 68mm CENTRE

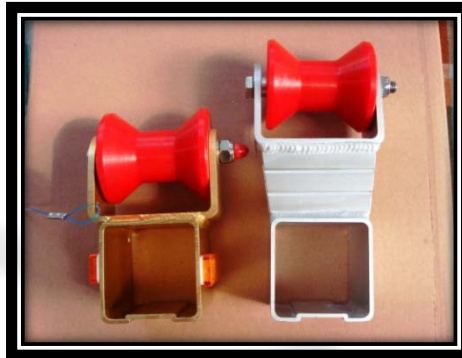

\$65.00

Roller mounts over the large section of the drawbar. Simply drill a new hole for placement anywhere along the drawbar.

TALL FRONT ROLLER

\$85.00

Adds 50mm height over the standard roller (left). Great for adding a third roller up front. Simple DIY installation.

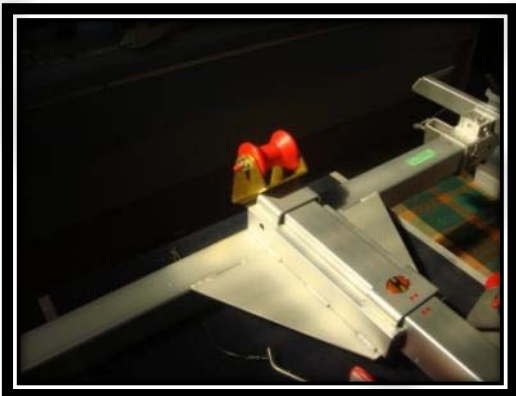

REAR EXTENTION ROLLER

\$88.00

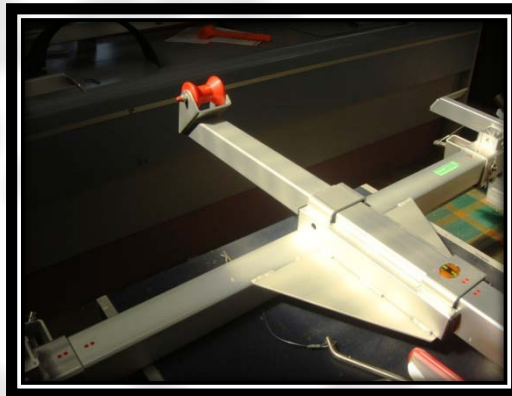

Upgrade on order

\$120.00

Outright

From this... (retracted)

To this...
Adds 500mm to your trailer.
Highly recommended if you are running a heavy outboard.

INFLATABLE'S BOW RECEIVER

\$38.00

Upgrade on order

\$55.00

Outright

Mounts to existing bolt at top of winch post.

WINCH POST EXTENSION

\$48.00

Raises the height up to 180mm.

Just cut the post to your desired height.

Simple DIY adjustment & installation.
